Folks: I, for one, miss Tom Potter's replies. I hope his life in
China is still going great! -- NoEinstein --

OK, so we can identify Tom Potter as being one
of the people you address as "Folks". It's not
surprising that the only identified member of
your target audience is one of the nastiest and
certified-looniest of the local loonies.

I am very sadden to see that "Randy Poe" thinks that reflecting images of people back to them by parodying
their posts, is "nasty".

Note for example that Randy's post is one of the "nastiest" posts you'll ever see in the newsgroups.

I challenge Randy to post one of my posts that approaches his post in its' "nastiest".

No doubt, Randy will cut and run, as he can never find a post of mine as "nasty" as his post.
