Who hasn't? Capitalism is young and rare.

and "Jimmy Carter" and "Mel Gibson"
folks who state unpleasant facts about Jews?
The definition of "bigot" is:
"A prejudiced person who is intolerant
of any opinions differing from his own."

I am pleased to see that "Autymn D. C." is interested in knowing about "institutionalized bigotry".

The definition of "bigot" is:
"A prejudiced person who is intolerant
of any opinions differing from his own."

First off, I suggest that "Autymn D. C." visit the following URL and read the stories of some of the folks who
have been victims of "institutionalized bigotry".
<http://www.zundelsite.org/english/debate/victims/index.html>

Secondly, I suggest "Autymn D. C." investigate how the Jewish Lobby forced Google to deviate from their
normal Web Site rating practice, and to slander the most popular web page formally reached with a search on
"Jew", (www.jewwatch.com)

and how Jews cooked the books, and are continuing to cook the books by "Google Bombing" the "Jew" search

Re: What's better than Einstein's ideas ?

word.

Thirdly, I suggest that "Autymn D. C." do an A9 or Yahoo search (As Google can no longer be trusted.) on how the Jews applied "institutionalized bigotry" against "Jimmy Carter" for simply stating obvious facts, and against "Mel Gibson" because he made a movie, and said some truths that some Jew objected to,

Fourthly, I suggest that "Autymn D. C." browse the newsgroups and the news to see how Jews almost always use "institutionalized bigotry" and attack messengers, rather than address messages in a rational, intelligent, MORAL way.

Thanks to "Autymn D. C." for being interested in this very important issue, as "institutionalized bigotry" inhibits free speech, slanders good and innocent folks, and allows bigots to steal power and wealth from other folks.
