Quoting Wikipedia:

The leaked [police] report alleges that Gibson stated, "Fucking Jews.. Jews are responsible for all the wars in the world." and asked Deputy Mee, "Are you a Jew ? ."

The report further alleges that Gibson refused to enter the patrol car and had to be handcuffed. He also allegedly claimed to own the city of Malibu, California.

According to the report, Gibson's blood alcohol content was measured at .12 % (the legal blood alcohol level limit for driving in California is .08 %).

The unnamed law enforcement source alleged that Gibson asked a female sergeant, "What are you looking at, sugar tits ? ."

and threatened to urinate on the floor when he was not taken to the restroom. Booked at 4:06am PDT, Gibson was released 5 hours later, around 9am PDT.

A day after Gibson's July 29 apology, the Los Angeles Times and The New York Times reported that unnamed sources confirmed to them that the leaked documents were authentic.

The Associated Press later reported that the official arrest report would cite the anti-Semitic comments. .
