Well, I don't know you Kevin, but he has contacted me privately. I can't email the documents; although I do have them copied to CD we're talking mucho-megabytes because they were scanned at high-resolution.

sci.space.history: Re: Apollo One, the FBI, and Scott Grissom

Those documents will be posted to a website before long (I have actually had three such offers; I'm waiting to decide which one to use, and for an address where to send them.)
