...Yeah, but LaDouchebag claims to have all of these facts and figures and documentation she got from you, she should be able to answer these questions. But she won't, because she's your current sexual tension release point, and she's going to foist your bullshit on everyone in order to keep getting whatever form of erotic abuse you and your pet gerbils wish to inflict upon her.

...Top of my wish lists is that I'm at the Pearly Gates when you arrive, just so I get to see Gus waiting there to beat the unliving shit out of you and your psychotic excuse for a mother for all the grief you've caused us and for pissing all over his name, as well as Ed & Roger's.

And second on that list is to be allowed to send back pictures for the group...
