Nope. Not munged at all. And he answers his e-mail, and he's been posting from that address for at least a couple of years.

Not to mention that in all that time, he has not been labeled a troll in any group—including here, until now—so if he **is** trolling, it's an altogether new line of work for him.

So perhaps it is just that certain posters have taken exception to what he had to say, or how he said it, and now he must fuck off and die.

But the attrition rate for this group is getting to be downright alarming. In case you haven't noticed.
