I was just typing a walk away post but you two want to harass me still it's obvious.

Begin/

Bob Mosley III of [www.io.com](http://www.io.com) has been harassing me since the year 2000.

sci.space.history: canned reply to OM

In a few months it will be 5 years that he has done this. It all started here.

[http://www.google.com/groups?a-s\\_oq=RK&safe=images&ie=UTF-8&a-s\\_uauthor...](http://www.google.com/groups?a-s_oq=RK&safe=images&ie=UTF-8&a-s_uauthor...)

Research anything "OM" said about me due to my complaint about "RK."  
At some point everyone was involved in making a movie script about coming to my house including James Oberg and some even NASA employees.

Richard B Katz schemed behind my back after being told "at his day job" not to do so.

I possess private emails sent from RK to another that prove that he has manipulated people here.

\*\* In the numerous emails given to me Richard Katz was instructing someone else to antagonize me. Katz works for NASA. NASA has investigated me, called my local law enforcement and checked me out. They even called my house and woke me up. Apparently I am clear to their Investigators. Why do they continue? The person that gave me

the emails felt bad and apologized. NASA or Katz never have.

Dwayne Allen Day was on the Gehman committee. He proudly boasted about making a movie

about coming to my house while my wife was home alone. It was all publicly posted here.

It's a disturbing background of this group. This is how they attack people when you defend yourself.

Some here find it "amusing", I don't. To understand one needs to read the depth of the level they went to when harassing me. From time to time I will add more specific links.

P. Maxson Investigator/ FP Agent Sacramento, CA. 95814 City, County, State, Federal references.

P.S. Those who do not like this approach please filter this handle, it will not change.

My goal is to stop this seemingly unstable person from trashing my family name.

If you filter me you won't have to read this. I just left for a year and now they are escalating it again.

Attention any lawyers reading this feel free to email me, I will have plenty of money in 12 months

and think I have an angle on proving some damages from their written slander and defamation.
