Author OM ..... aka (Bob Mosley III , Austin TX, USA)

keyword PLONK

group sci.space.\*

<http://tinyurl.com/4shkm>

As of 3-14-2005 he has 278 pages of allegedly plonking, replonking etc, 278 pages of it!

The message here? His signal to noise ratio is off the charts. He does not have any self control on Usenet and refuses to take advice.

Same search, keyword, "cue."

<http://tinyurl.com/3sncp> 82 pages!

sci.space.history: Re: "Nazis Run Our Space Program" -- Peace Activist Bruce Gag-Me

Message? He encourages others to increase the noise ratio higher by cueing them like it's all a big game. A sick and twisted deviant and perverted game.

Keyword Maxson, message, he targets people to harass and does not care about the noise it creates.

You can pick any of several names and go back 10 years with similar results. <http://tinyurl.com/677y6> 623 pages! Not posts, complete pages to links all written by him! 623 pages!

I could refine these searches and use other names and form patterns of harassment but it is very clear that the leader of the noise, the one man who ruins the group is OM.

It is also very clear to me that he will never change, several intelligent people, friends and even long time posters have asked him to stop year after year after year.

Many good posters that others have enjoyed reading have even left. The bottom line?

OM aka Bob Mosley III doesn't care what anyone here.

He is selfish and will never change his obnoxious ways.
