No. I only feel superior to
idiots like you. And
justifiably so.

Yes, but you too easily claim that people are
idiots, morons and the
like. You don't know me nor do you know
what I do. Do you?

I can only judge you by your idiotic postings here. That's
sufficient. As at least eight others agree.

The only thing that 8 others agree on is that they are tired of seeing
our posts.

Delude yourself if you wish, Eric. We knew you would.

No, just me calling you one.
