Just a passing comment McClod.

: About as accurate as ll the other things you say, I'm afraid.

You have no idea about the power of declaration I see. Fitting given your shallowness. Perhaps if you weren't such a nasty man I'd be able to give you some help.

: :It is really as simple as that.

: Well, at least you're now recognizing that you're simple. It's a

More complex than you realize.

: :You might want to try it sometime.

: Why would I want to do that, El Chimpo? You DON'T matter. Why should  
: I lie and say you do?

McClod, I matter because I say so, not because of what you say.

: Well, you're progressing right through those 12 steps if you now admit

You are more the Woody Allen character in this thread than I am.

: You know, you really should go find some 8 year old kid to play this

Yet I keep kicking your butt all over USENET.
