Humans eventually fill
ecological
niches.

Yes.

Space is a huge one.

Really? How could one know?

Know what? That it's huge? Or that it's an ecological niche?

The latter, Eric.

No need to be insulting.

He was paying you a compliment, moron.

Re: ...Nasa/Griffin LYING about Public Support for Moon/Mars Missions!

Re: ...Nasa/Griffin LYING about Public Support for Moon/Mars Missions!

There are people who, for various reasons, would like to go there. As technology evolves, it will become technically and economically feasible to do so. And so they will.

Yeah, and just like that there'll be a new species.

Eric
