So Rand, is
it Joe
Wilson that
you are
calling a liar
or his wife?

The Senate Intelligence
Committee called Joe
Wilson a liar, and
documented it.

Oh, so you have a reference to that
accusation? You know the one that
states that Joe Wilson is a liar?

Go read the committee report. It doesn't directly accuse him
of
lying—it just says that the things he claimed are untrue.

Re: ...White House "Rump Group" created the Vision...who were they???

So you were lying when you stated that the SIC called Joe Wilson a liar?No, I was paraphrasing, you moron.

What things, Rand? You're full of crap as usual...

I explained, down below. Wilson claimed that he found no evidence that Saddam was seeking uranium. His own report belied this.

No one has ever proved that Saddam was seeking uranium. We would have seen real evidence not hearsay which to you is real as long as it supports your beliefs.

Rand, Joe
Wilson is
not the only
person on
earth that
has found
that
there no
WMD in
Iraq when
Bush and
Co. said
that there
were.

Joe Wilson didn't find that, you idiot.

No he simply knew that!

No, he didn't know that. No one, in fact knows that.

Oh, so now no one knows what you claimed someone knew.

Re: ...White House "Rump Group" created the Vision...who were they???

Re: ...White House "Rump Group" created the Vision...who were they???

What was his mission to Nigeria

He had no mission to Nigeria, you moron. He never went to Nigeria.

Niger. And you're using a technicality to cover your own false beliefs.

about if to
verify that Bush and Co. were trying to create false intel in support
of their ill conceived war?

That wasn't his mission, you moron. His "mission" such as it was, was
to determine whether or not Saddam's people had been attempting to
purchase uranium. They had.

Where is the proof?!

No one, in fact found that, since it's not logically possible to
"find" the absence of something.

Bullshit! Not finding WMD in Iraq is a "finding" that Bush and Co. lied
about saying it was there! You're mincing words as usual in your
disingenuous way.

Eric, I know this is futile, but please stop saying stupid things.

Why don't you stop lying first?

The only person who lied about WMD in Iraq was Joe Wilson.

You don't know the difference between a lie and a smear.

Re: ...White House "Rump Group" created the Vision...who were they???

Re: ...White House "Rump Group" created the Vision...who were they???

Joe Wilson found evidence that Saddam was seeking uranium from Niger, and then came back and lied about it, saying that he hadn't. The Senate Intelligence Committee proved that he was lying.

Where is the evidence that Saddam was looking for uranium?

In Joe Wilson't report, you moron.

Cite?

No one has found that Saddam was actually seeking uranium.

Joe Wilson did, as the Senate Intelligence Committee found.

Cite?

If Wilson is such a liar then why did Bush's lackies bother with outting his wife as a CIA agent as punishment?

They didn't, you moron.

Yes they did you imbecile! Why do you think Libby is on trial in the first place?

Re: ...White House "Rump Group" created the Vision...who were they???

Re: ...White House "Rump Group" created the Vision...who were they???

Because he lied to a grand jury, you moron. The only charge is perjury.

Yes, but what did he lie about?

We don't know.

Right...

Neither he, nor anyone else, has been charged with "outing his wife as a CIA agent as punishment." There's no evidence that it happened, in fact. We know now that the person who "outed" her was Richard Armitage, a State Department official who was opposed to the war.

Armitage against the war?! Look at PNAC:
<http://en.wikipedia.org/wiki/PNAC>

Armitage is not against the war. What they did is to use Armitage as a decoy to thwart the investigation. He's in deep like all the rest, but their little house of cards isn't holding up. The failure of this war will be their undoing. They are not operating in the best interest of America and Americans but mostly for themselves and their wealthy industrialist cronies. Neocon greed is about to become paleo.

Eric, you're apparently not just stupid and uninformed. You're nuts.

Nice retort. When you have zero to add call your opponent 'nuts'. Ad hominem at its finest.

Rand, I know how to read the lines and between them. You simply believe a load of spoon-fed crap that fits with your beliefs.

Re: ...White House "Rump Group" created the Vision...who were they???

Basically, you lack the credentials to call me a moron!
