BTW – I don't like the expression "skunk away". In fact I have been on holiday in the South of France. In the Hotel the price of the Internet was 6€ for half an hour. No way José! BTW – In Spain the keyboard is an international one. In France it is odd and if you type at any speed you find the French very difficult.

There was a memorial to the 2million Armenians masacred by the Turks. My remarks on American and Turkish justice stems from the fact that Turkey jails anyone who contradicts their version of history.
