Idiot.

That is what you call  
everyone who has a  
different political view than  
your own.

No, it's what I call idiots.

## Re: SpaceX vs. Japan

Yes, those that have a different political view than you do are deemed "idiots".

No, there are many people with different political views than I who I don't deem idiots. I reserve that term for actual, multiply demonstrated, over a period of years, idiots. Like you.

You call me 'idiot' because I continually expose you as the pompous ass that you are.

Wrong again, since I'm not a "pompous ass" and even if I were, you're much too big an idiot to demonstrate it, or much of anything else.

I call you an idiot for the simple reason that you are in fact an idiot, as you demonstrate here every single day, multiple times, and have been doing so for over a decade (in fact, in every post you've made in this thread). And I'm hardly the only person who thinks so, as demonstrated in s.s.h. a while ago.

Though I probably am somewhat idiotic myself for even continuing to converse with an idiot.
