lol, scratches head as he takes off his shoes to get on an airplane. Makes one wonder who it is that they consider to be the enemy. Some religious nut declares a holy war on the US, then proceeds to blow up US property around the world. While doing so, is essentially ignored by many government agencies until he gets it right on his second attempt on the same building. What were they working on all those years? Must have been the Patriot Act, because it must have taken more time to come up with that great piece of legislation, than the week or two it took to get it passed through Congress. That's it, more data should make them more intelligent. Kind of makes one wonder what's on the shopping list of legislation that they're working on for when the next ...

Benjamin Franklin, smart guy.
