It would only be for those left behind really, as I'd be past caring by then!

I'd prefer my atoms to go toward other things on this planet, which I suppose would happen to a sub orbital flight, but its not cheap.

I'm sorry, never quite got the whole point of doing this.

I'd want to g on a trip when I could feel it in the seat of my pants.

Why would anyone want their ashes scattered in the ocean, or in a forest, or...
