Help circulating this announcement is appreciated; sorry for duplicates.

Please note:

- 1) ISIPTA'05: final deadline extension, increase in paper size (details in final call for papers below)
- 2) The new issue of SIPTA newsletter has been released at the SIPTA size (www.sipta.org/resources/), containing:
 - History section: Terry Fine's reflections on the 30th anniversary of his book "Theories of Probability"
 - Overview of decision making with imprecise probabilities, by Matthias Troffaes
 - Software section on the TBMLAB by Philippe Smets
 - Abstracts on imprecise probabilities
 - ISIPTA'05 call for papers (without deadline/size extensions)

ISIPTA '05
4th International Symposium on Imprecise Probabilities
and Their Applications
Final Call for Papers

July 20-23, 2005
Carnegie Mellon University
Pittsburgh, Pennsylvania, USA
<http://www.sipta.org/isipta05>

++++
+

The ISIPTA meetings are one of the primary international forums to present and discuss new results on the theory and applications of imprecise probabilities. Imprecise probability
