IAENG International Workshop on Operations Research 2006

(Part of The International MultiConference of Engineers and Computer Scientists IMECS 2006)

IMECS 2006: 20-22 June, 2006, Hong Kong

<http://www.iaeng.org/IMECS2006/IWOR2006.html>

The IWOR'06 workshop is held as part of the International MultiConference of Engineers and Computer Scientists 2006. The IMECS 2006 is organized by the International Association of Engineers (IAENG), and serves as good platforms for the engineering community members to meet with each other and to exchange ideas. Extended version of the papers under this workshop can be included in the special issue of our journal Engineering Letters. And, further extended version can also be included in a book called "Current Trends in Operations Research" to be published by IAENG.

The IMECS 2006 multiconference has the focus on the frontier topics in the theoretical and applied engineering and computer science subjects. It consists of 14 workshops (see the details at IMECS website: www.iaeng.org/IMECS2006). The multiconference serves as good platforms for the engineering community members of different disciplines to meet with each other and to exchange ideas. The current conference committee of the IMECS 2006 includes over 140 workshop co-chairs and committee members of mainly research center heads, department heads, professors, research scientists from over 20 countries, while a few of the committee members are also experienced software development directors and engineers.

All submitted papers will be under peer review and accepted papers will

Call for Papers: The 2006 IAENG International Workshop on Operations Research (of IMECS 2006)

be published in the conference proceeding (ISBN: 988-98671-3-3). The abstracts will be indexed and available at major academic databases. The Technology Research Databases (TRD) of CSA (Cambridge Scientific Abstracts), DBLP and Computer Science Bibliographies have promised to index the print proceeding in advance of its publication. And after the publication of the proceeding, print copies will also be sent to databases like IEE INSPEC, Engineering Index (EI) and ISI Thomson Scientific for indexing. The accepted papers will also be considered for publication in the special issues of the journal Engineering Letters. Some participants may also be invited to submit extended version of their conference papers for considering as book chapters (soon after the conference).

The topics of the workshop include, but not limited to, the following:

Management Science
Managerial economics
Systems thinking and analysis
Optimization
Integer programming
Linear programming
Nonlinear programming
Assignment problem
Transportation network design
Simulation
Statistical Analysis
Stochastics Modelling
Queueing theory
Game theory
Graph theory
OR algorithms and software developments
OR applications and case studies

=====

Submission:

Prospective authors are invited to submit their draft paper in abstract format (one page) or in full paper format to imecs@xxxxxxxxx by 12 March, 2006. The submitted file can be in MS Word format, PS format, or PDF formats.

The first page of the draft paper should include:

- Title of the paper;
- Name, affiliation and e-mail address for each author;
- A maximum of 5 keywords of the paper;

Also, the name of the workshop session that the paper is being submitted to should be stated in the email.

IWOR'06 Workshop Co-Chairs and Committee Members:

Yousry H. Abdelkader
Associate Professor, Department of Mathematics
Alexandria University, Egypt

Daoud Ait-Kadi
Professor, Departement de genie mecanique
University Laval, Canada

Javier Alcaraz
Professor at the Department of Applied Statistics, Operations Research
and Quality
Universidad Politecnica de Valencia, Spain

Ali Allahverdi (co-chair)
Professor, Department of Industrial and Management Systems Eng.,
Kuwait University, Kuwait

Carlos Henggeler Antunes
Head of the R&D Institute INESC Coimbra
Associate professor at the Department of Electrical Engineering and
Computers
University of Coimbra, Portugal

Alan Hoi-shou Chan
Associate Professor, Department of Manufacturing Engineering and
Engineering Management
City University of Hong Kong, Hong Kong

Resteanu Cornel (co-chair)
National Institute for Research and Development in Informatics, Romania

Chuangyin Dang (co-chair)
Associate Professor, Department of Manufacturing Engineering and
Engineering Management

City University of Hong Kong, Hong Kong

Dr. Eduardo Fernandez
Autonomous University of Sinaloa, Mexico

ANGEL MARIN GRACIA
Professor of Applied Mathematics and Statistical Department
de la Universidad Politecnica de Madrid, Spain

Dr. Nalan Gulpinar
Research lecturer in the Department of Computing
Imperial College London, UK

Salim Haddadi
Professor, Department of Computer Science
University of the 8 Mai 1945, Guelma

Chi-Kuang Hwang (co-chair)
Associate Professor and Chairman of Electrical Engineering Department
Chung-Hua University, Taiwan

George P. Karatzas
Associate Professor and Director of Graduate Studies (DPMS)
Department of Environmental Engineering
Technical University of Crete, Greece

Hideki Katagiri (co-chair)
Associate Professor, Department of Artificial Complex Systems
Engineering
Hiroshima University, Japan

Graham Kendall (co-chair)
Reader in Computer Science
University of Nottingham, UK

Kensaku Kikuta (co-chair)
Professor, School of Business Administration
University of Hyogo, Japan

Dr. Mohan Krishnamoorthy
Research & Business Leader, Decision Technologies
CSIRO Mathematical & Information Sciences Division, Australia

Wen-Hung Kuo
Assistant Professor, Department of Industrial Engineering and
Technology Management
Da-Yeh University, Taiwan

Xueliang Li
Deputy Director and Professor
Center for Combinatorics, Nankai University, China

Baoding Liu
Professor, Department of Mathematical Sciences
Tsinghua University, China

Liping Liu (co-chair)
Professor of Management and Information Systems
University of Akron, USA

Nikolaos Matsatsinis
Associate Professor, Decision Support Systems Laboratory
Technical University of Crete, Greece

Dr. Ludmil Mikhailov (co-chair)
Senior lecturer in the School of Informatics
University of Manchester, U.K

Herman Monsuur (co-chair)
Associate Professor of Mathematics and Operations Research
Netherlands Defense Academy, The Netherlands

Javier Montero
Associate Professor at the Department of Statistics and Operational
Research I,
Faculty of Mathematics, Complutense University of Madrid, Spain

I.M.Premachandra
Associate Professor, Department of Finance & Quantitative Analysis
University of Otago, New Zealand

Dr. Joaquin Rodriguez
INRETS-ESTAS, France

Carlos Romero PhD, FORS, FWAPS (co-chair)
Professor of Economics
Department of Forest Economics and Management
Technical University of Madrid, Spain

Tadeusz Sawik (co-chair)
Professor and Head
Computer Integrated Manufacturing,
AGH University of Science & Technology, Poland

Yannis Siskos (co-chair)
Professor of decision science at the Department of Informatics
University of Piraeus, Greece

Yuri Grigoriyevich Stoyan (co-chair)
Chief of Department of Mathematical Modeling and Optimal
Design, Institute for Problems in Machinery of National Ukrainian
Academy of Sciences

Call for Papers: The 2006 IAENG International Workshop on Operations Research (of IMECS 2006)

Professor at the chair of Applied Mathematics,
Kharkov National University of Radioelectronics, Ukraine

Toshiyuki Sueyoshi
Professor at Department of Management,
New Mexico Institute of Mining and Technology, USA

Jiuh-Biing Sheu (co-chair)
Associate Professor, Institute of Traffic and Transportation
National Chiao Tung University, Taiwan

Shey-Huei Sheu (co-chair)
Professor, Department of Industrial Management
National Taiwan University of Science and Technology, Taiwan

Lin-Yu Tseng
Professor, Department of Computer Science
National Chung Hsing University, Taiwan

Manoj Kumar Tiwari
Professor, Department of Forge Technology
Chairman, Research Promotion Cell
National Institute of Foundry and Forge Technology (NIFFT), India

Gwo-Hshiang Tzeng (co-chair)
Distinguished Chair Professor of Kainan University, Taiwan
National Distinguished Chair Professor (Highest Honor offered by the
Ministry of Education Affairs, Taiwan) and Distinguished Research
Fellow (Highest Honor Offered by NSC, Taiwan)

Lev V. Utkin, PhD, DSc,
Professor, Dept. of Computer Science
St.Petersburg Forest Technical Academy, Russia

Dr. Ismael Vaz
Departamento de Producao e Sistemas
Universidade do Minho, Portugal

Frank Werner
Professor
Otto-von-Guericke-University of Magdeburg, Germany

Hui-Ling Yang
Professor at Hung-Kuang University, Taiwan

Po-Chung Yang
Professor in Industrial Engineering and Management
St. John's University, Taiwan

Zhe George Zhang
Adjunct Professor in Management Sciences

Call for Papers: The 2006 IAENG International Workshop on Operations Research (of IMECS 2006)

Faculty of Business Administration
Simon Fraser University, Canada

Constantin Zopounidis (co-chair)
Professor of Financial Management and Operations Research,
Department of Production Engineering and Management, Technical
University of Crete, Greece
Editor-in-Chief in two journals: Operational Research: An International
Journal; The Journal of Financial Decision Making

It will be highly appreciated if you can circulate these calls for
papers to your colleagues.
