OK, who do YOU nominate? Hint: you cannot self-nominate.***

My response

1) This is the more useless asking ever made: Sci. Stat. Math. owners

There are no owners of sci.stat.math.

were never show the slightest intention to provide a referee team. I

tried (two or three times) to bring ASK DOCTOR MATH to the

You are reading a newsgroup through a web interface and apparently don't realize what is going on. Most people are reading through a newsreader that properly attributes its replies. Your interface does not. Your interface also throws in quite a few unrecognizable characters.

discussions. No result at all, even that they are concerned. It's normal to ask: because I'm foreigner?

There are no "foreigners" in newsgroups, merely people who do not speak the language the charter of the newgroup specifies. Despite your misconceptions (shared with Reef Fish in this aspect), there is no

Re: APPEAL: Sci. Stat. Math. MODERATED

charter for s.s.m. You can post in any language you wish. Whether you get replies is another matter. Almost all contributor do so in English.

In one word NEVER Jack Tomsy should be included in (the multi disciplinary) Team. AT LEAT in what concerns a) Hypotheses Tests b) Random simulations (Monte Carlo) However the names choice is not a problem of mine, * randovaro* , it would be, if so, Drexel University's.

Drexel University has no role in how this newsgroup works, other than providing the web portal for your posting. This is USENET, not the World Wide Web. It existed before the WWW and your conception of s.s.m as some sort of service of Drexel is yet another clueless notion in your confused brain.
